

HIPERTOUC

HPTE ELITE AR15/10 Abzug - .223

Hersteller: HIPERTOUC

Modell: HPTE ELITE AR15/10 Abzug

Kaliber: .223

Zustand: neu

Frei erhältliche Waffe

Beschreibung:

HIPERTOUC® Elite

[-] HIPERTOUC® Elite: "I would like to tell all of you at Hiperfire, THANKS for making a product that "truly enhances my AR 15 weapon platform." I have to also add that the Elite Trigger has made my weapon a true pleasure to shoot now. The glass rod break and short clean reset have made a night and day difference.

Installation was a simple process. The weapon's safety is SOLID. The trigger travel is excellent. Surprise trigger break has helped groups two fold. The icing on the cake, it's made here in the good old USA."[-] HIPERTOUC Elite: "Bought an Elite for a 7.62×39 build. Ran flawlessly with Wolf ammo. Didn't need an extra strength hammer spring to run Russian ammo. Right out of the box and went bang every shot. For us who have built a 7.62×39 AR we know the struggles of making it work . This trigger combined with an enhanced firing pin is all you need. No more 12 lb. triggers to run steel case ammo. I have a Geissele trigger as well and will be switching that trigger to a hiperfire also."[-]
